Erasmus+ Farewell & Reflection Activity

Learning Together, Growing Together

1. Welcome & Introduction

Good morning, everyone!

Today is a very special day because we are saying goodbye to our German friends.

During these days together, we have shared wonderful experiences, discovered new things, worked together and, most importantly, created new friendships.

Before we say goodbye, we would like to spend some time reflecting on everything we have learned and experienced during this exchange.

We also want to create something special that will remain at our school as a reminder of our cooperation.

As part of our Erasmus+ Days celebration, we are going to prepare an exhibition that will present your creative work, your discoveries and your personal reflections.

The title of our exhibition will be:

“Learning Together, Growing Together – Our Erasmus+ Journey.”

2. Setting Up Our Erasmus+ Poster Exhibition

First, we are going to display the posters you have already created during our activities.

We have selected a special wall at our school where we will present your work.

I would like you to work together in small groups, Greek, Belgians and German students, and help us arrange the posters on the wall.

These posters represent your creativity, your teamwork and the knowledge you have gained throughout our exchange.

They will remain on display for our Erasmus+ Days exhibition so that other students, teachers and visitors can see the results of our cooperation.

3. What Did We Learn? – Our Reflection Wall

Now, we are going to create another important part of our exhibition.

Next to the posters, we have prepared a large board called:

“What Did We Learn? – Our Reflection Wall.”

I would like each of you to take some colourful sticky notes.

We will divide our Reflection Wall into three sections:

SPARTA – OUR SCHOOL – GREECE

For our German and Belgian students, I would like you to think about the following questions:

What is something new you learned about Sparta

What did you discover about our school or school life in Greece?

What is something interesting or surprising you learned about Greece, Greek culture or everyday life?

Please write one idea on each sticky note.

It can be something you learned, something that surprised you or something that changed your perspective.

Try to be specific and think about your personal experiences during your stay.

For our Greek students, we would also like you to take part!

Think about what you learned through your cooperation with our German friends.

Did you discover something new about Germany or German school life?

Did this experience help you see your own school, city or culture from a different perspective?

Write down your thoughts and add them to our Reflection Wall.

When you have finished, place your sticky notes in the appropriate section.

Remember, there are no right or wrong answers. Every reflection is valuable because it shows what this experience has meant to you.

4. Gallery Walk – Sharing Our Experiences

Now that our posters and Reflection Wall are ready, let's take a few minutes to explore our exhibition.

Walk around, look at the posters and read the messages written by your classmates.

Take your time and discover what others have learned.

Perhaps you will find something surprising, something you agree with or something you had never thought about before.

Afterwards, I would like a few volunteers to share their thoughts with the group.

You can complete one of these sentences:

“One thing I learned during this exchange was…”

“Something that surprised me was…”

“My favourite experience was…”

“One thing I will always remember is…”

Thank you for sharing your thoughts!

These reflections show that learning does not only happen inside a classroom. It also happens when we meet new people, explore new places and experience different cultures.

5. Farewell Circle – A Message to Our German Friends

And now, it is time for our farewell activity.

I would like all the Greek, Belgian and German students to stand together in a circle.

Before we say goodbye, I invite anyone who would like to share a short message, a special memory or a few words of thanks.

You can thank someone who helped you, mention a moment that made you happy or share something you will always remember.

Now, I would also like to say a few words.

Dear German friends,

As your visit to Sparta comes to an end, we would like to thank you for being part of this wonderful experience.

During these days, we have learned together, worked together and discovered how much we can gain by sharing our ideas, traditions and experiences.

We may come from different countries and speak different languages, but this exchange has shown us that friendship, cooperation and respect can bring us closer together.

The posters and messages we have created today will remain at our school as part of our Erasmus+ Days exhibition.

They will remind us not only of what we have learned, but also of the people we have met and the friendships we have created.

We hope that you will return home with beautiful memories of Sparta, our school, Greece and the time we have spent together.

Even though we are saying goodbye today, we hope our friendships will continue.

Thank you for your enthusiasm, your kindness and your cooperation.

We wish you a safe journey home and hope to meet again in the future.

Auf Wiedersehen, liebe Freunde!

Until we meet again!

6. Group Photo & Final Goodbye

Before we finish, let's take one final group photo together in front of our Erasmus+ exhibition!

This photo will be another beautiful memory of our time together.

Thank you, everyone, for your participation and for making this exchange such a meaningful experience.

Have a safe journey, and keep in touch!
