Third Senior High School of Sparta, Sparta, Greece

3rd -8th October 2026

Pre-Mobility Project & Erasmus Days Exhibition

"Meet Us Before We Meet – European Voices in Sparta"

Before the mobility, students from the participating schools will work in small groups of 4–5 students maximum to create a poster presenting their school, town, region, culture and identity as young Europeans.

Each group will be responsible for designing and preparing **one collaborative poster in English**. All group members are expected to contribute to the selection of information, visual material and creative elements.

The posters will initially be displayed at the host school during the Erasmus+ mobility in Sparta, creating a welcoming intercultural exhibition for the participating students and teachers.

Following the mobility, the exhibition will remain on display and will become part of the school's **Erasmus Days 2026** activities, contributing to the dissemination of the mobility and promoting intercultural dialogue, European cooperation and active citizenship.

Each poster should include:

- Our school and town
- Our region and cultural heritage
- Local traditions, food or customs
- A cultural symbol, landmark, myth, poem or important personality
- Five words or expressions in our language
- What being European means to us
- What we hope to learn from our Erasmus+ experience

Working Guidelines

- **Group size:** 4–5 students maximum
- **Final product:** One poster per group

- **Format:** A2 or A3
- **Language:** English
- **Working method:** Collaborative group work
- **Final outcome:** Erasmus+ school exhibition and Erasmus Days dissemination activity

After the Mobility

Each group will add a short reflection to its poster under the title:

“After Erasmus…”

Students will complete the sentence:

“One thing we discovered about each other was…”

This final reflection will show how the students’ ideas, expectations or perceptions developed through the Erasmus+ mobility experience.
